REDS PRESS ON TOWARD LENBERG May Ask Strikers to Return

Bolsheviki Spar for Time as Prospect of Armistice Appears.

WARSAW, July 30. (By the Associat ed Press.)-The fighting appears t have eased up on the northern front. In the center there are rear guard actions the withdrawing Poles keeping in contact with their right and left wings In the south the battle for possessio of Lemberg is impending or already is under way, while in the center the Poles in their retreat have not ye reached their ethnographic frontier of Poland, toward which the Boishevik seemingly are aiming before an armi

seemingly are aiming before an armistice is proclaimed.

From intercepted wireless messages and other sources, it is pretty well understood in Polish military circles that the Boisheviki intend to spar for time, at the Baranovitchi meeting, which begins Friday night. According to some reports, the reds have set Aug. 4 as the earliest date on which they are willing to cease hostilities. It is considered apparent that they are determined to capture Lemberg as a prize of the last days of battle.

Refugeen and others who have arrived at Lemberg, say the Boisheviki who have reached Eastern Galicia, nirready have issued orders calling to Bolshevik arms all males from 16 to 69 years of age within the invaded territory.

NEW STANDARDS FOR R. R. EFFICIENCY PLAN

New standards in efficiency for rail-road transportation have been adopted by the Association of Railway Execu-tives which exceed all performance re-ords heretofore attained, but in the present emergency brought about by the shortage of railway equipment, it is believed that full co-operation of the public will make the new standards at-tainable.

The new standards of efficiency are: "An average daily minimum move-ment of freight cars of not less than 36 miles per day.

miles per day.
'An average leading of 10 ions pe

"Reduction of bad order cars to a maximum of 4 per cent of total owned. "An early and substantial reduction in the number of locomotives now unfit

'An early and substantial reduction in the rumber of iccomotives now unfit for service.

'More effective efforts to bring about the return of cars to the owning roads.' All railroads are to forward to the advisory committee of the association reports that will enable a check to be kept of performance under the new sandards, and the advisory committee will arrange for comparative compilation of these reports for distribution among the various lines.

With the announcement of the wage decision, it is hoped that the labor troubles that have seriously interfered with railroad performance ever since the roads were returned to private control will cease, and that an intensive use of the railroad equipment now available will do much to overcome the shortage in transportation facilities of every department.

DATES FIXED FOR FRONT PORCH TALKS

MARION, O., July 30.—Senator Herdings front perch campaign, to be opened tomorrow with an address to a delegation from Mansfield, Ohio, is expected to get into full swing during August, as groups of voters from more distant sections of the country begin to arrive in force.

Two more of the front porch speaking dates were announced today. August 12, when six hundred pottery workers will come from East Liverpool and Columbiana county, Ohio, and Sept. 25 when the nomines will be paid a visit by the American defense society. Visits from Ohio delegations already had been announced for August 4 and August 5.
